

Sunday, Sept 26, 1971

Dear Mike and Jim,

We are staying home today and I am hoping to finish the book "Mary, Queen of Scots", so I can spend my time on Swedish. I just sent dad to the super market and have started dinner - chicken, french fries and a green salad.

We went to the football games yesterday and it was really a good one with T.C. U. The football field has the artificial turf and at the start of the first quarter the rain came down in a cloud burst and the field looked like the ocean. Our seats were under cover, otherwise I wouldn't have stayed.

Durkin insisted that Mary and Mike take a smoke vacation so they went up to Victoria & Vancouver and will be back Monday. Mary's history class was discontinued for lack of applicants so she will

decide on something else.

Thanks for your letter Vicki. The trip to Montreal sounds wonderful and I hope you get the new car before the trip.

Friday I am going to Brunswick to a birthday luncheon for Bell (Hanne's Mother) she will be eighty years old. I took care of granvie's children for a couple of hours <sup>last</sup> Friday.

Last Saturday night Dad and I went to the Trojan Horse for dinner. The entertainment is pretty good there.

Dad is working on my Swedish translation now. This Wednesday night we both start the class at the Community College. The class at the Swedish Club started last Monday.

Everyone is fine. A car just drove in. It's Jim and Ruth.

More later.

Love,  
Mona.
